Have you been vaccinated for rabies? Yes No

If yes, when was your last booster? _____

If no, would you consider paying to become vaccinated for rabies (average cost \$1000)? Yes No

Per CDPHE regulations, raccoons, foxes, and coyotes can only be fed and handled by persons vaccinated for rabies, so this vaccine allows you to do much more at PSSWF than non-vaccinated volunteers.

Are you up to date on your tetanus vaccine booster? Yes No

If so, please describe:

Caring for animals is hard work! Though feeding the animals is often the most fun, the vast majority of animal care at a rehabilitation center involves prepping raw food and meat, scrubbing food and water bowls, cleaning cages indoors and out, and cleaning and maintenance of the facility.

I understand that if I am a daily animal care volunteer, I will be expected to clean cages on a regular basis.
